

# FAITH OUTREACH

*A Time for Pastors & Church Leaders to teach Biblical principles  
and make sure all People of Faith are registered & vote.*

## PRESERVING FREEDOM OF RELIGION

America is facing the loss of its religious freedom – a fundamental inalienable right given to us by God. The Bible teaches we must be diligent in choosing our government officials. It also teaches principles & rules we are to live by and follow. For example, it is very clear on the issues of abortion, homosexuality and marriage. The Church is supposed to uphold those values, i.e. the Biblical World View, not the Secular World View. Those issues are NOT the purview of the government. Freedom of Religion constrains us to speak forth the truth of God's Word and the government should not violate that freedom by regulating our practice of it. We therefore should be – have to be – bold enough to defend it. Click here for a 3 min. glimpse of what's happening if we do nothing: <http://www.youtube.com/watch?v=D9vQt6lXXaM&hd=> (Test of Fire – Election-2012)

The one power we still have is to VOTE. People of Faith, in particular are beginning to stand up and be counted. However, there is an alarming statistic revealing only 25% to 35% of church-goers who are registered and/or vote in an election. This is unfortunate and clearly has a major impact on the outcome of an election. If we want to get back to grass roots, we need to wake up and be heard.

## COALITION FOR ADVANCING FREEDOM (CAF) IS HELPING

CAF believes, among other things, in the importance of electing virtuous, righteous and moral leaders at all levels of government; holding our elected officials accountable for their actions; and educating as many as possible to ensure they understand the meaning of our Constitution. Another objective we have is to advance the message of the Biblical principles regarding our elected officials from the Pulpit. We call it **Faith Outreach!**

The time has come for Pastors all over the country to speak up; not to the point of endorsing candidates; but, teaching the importance of our Biblical obligation to elect principled, virtuous, moral people of integrity to office. Literally thousands of Pastors throughout the nation have been attending meetings, seminars and getting equipped to spread the word from their pulpits. We want Americans to know what our Founding Fathers intended for us as a biblically inspired Nation and the importance (duty) of voting.

Family Research Council (FRC) and others are already well along in this effort across the nation. They have assembled a complete pulpit teaching with videos, literature and pre-written messages free of charge for pastors willing to take this on. Click here for a preview of what is available and how pastors can obtain this important information: <http://youtu.be/Z55yWOR5X20>.

# OUR ROLE IS SIMPLE

Get this information to as many family, friends, co-workers and church members as possible. Walk them through the content and encourage all of them to set up a meeting with their Pastor's and Church Leaders in an effort to speak on the subject. Here's what we need to strive for:

- Enlighten pastors with regard to teaching biblical principles pertaining to our role regarding elections.
- Encourage them to get the information and/or training they need from FRC.
- Ask if you can help get people registered to vote (***Must be completed by Oct. 5<sup>th</sup>***)
  - Get Pastor's permission to set up voter registration tables after Sunday services.
  - Put this information in church bulletins and announce it from the pulpit as well.
- Have Pastors continually encourage congregations to register and vote.
- See sample letter enclosed to use for Pastors and Church Leaders. It should be tailored to suit your particular situation.

The re-awakening is upon us, and it's time to act. We must re-take this nation back to what made it the most successful, prosperous and free nation of all time. Many already know if we lose our religious freedoms, the America we have come to love and cherish will be lost as well. That is UNLESS we all partake in some way to stop the train wreck that will surely come if we don't.

For more information on Faith Outreach and what you can do, please feel free to contact Vince Liberi [veliberi@verizon.net](mailto:veliberi@verizon.net) 610-268-5708 or Dolores Liberi [dpliberi@verizon.net](mailto:dpliberi@verizon.net) 610-268-5707.

Last but not least -- ***Get REGISTERED and VOTE!!***
